## NIGHT VISION WEAPON SIGHTS

The **COT X 2-4**, **COT X 4**, **COT X 6** are rugged, 2X, 4X and 6X night vision weapon sights that provide excellent observation, target acquisition and aiming capabilities for the demanding sports shooter or varmint hunter. The sights are available in a variety of Image Intensifier Tube configurations to fit into a wide array of budgets. The best optics, tubes and performance make the series one of the best commercial night vision weapon sights there is!

- Professional Grade optics.
- Illuminated center red reticle for optimal contrast against a dark or light target.
- Controls and adjustments are simple and easy to operate.

- All external surfaces are a non-reflective matte black finish (except for the optical elements).
- Flip up back-up iron sights.
- Waterproof - 1m, 30 min
- The reticle brightness varies from off to full bright with a push of a button.
- A-focal doubler lens for COT X 2-4 (in set) that increases magnification from 2 up to 4 times.
- Can be turned on by wireless remote on-off switch (optional).
